utahtransportation • One summer. 62 bridges. Welcome to BridgeFest.

So, this is a little bit different of a PSA. But we wanted to make this construction informative, memorable, and dare we say...fun? 🤪 Construction can be fun! True story! Especially if you know WHEN and WHY something is happening.

Here's how BridgeFest works. Each week we're going to have a different "headliner" which will feature the most impactful bridge work going on. We'll keep you informed on the where and the what and help you plan around any construction work.

To kick off BridgeFest this weekend, the Banqerter bridge over SR-201 is

Before & After: Airport bridges

utahtransportation • Follow

AC/DC • Thunderstruck (Live - 1991)

utahtransportation This summer, we've already completed work on dozens of bridges, including 19 around the SLC airport and the I-15 Nephi bridges project.

Next up: SR-201 over 3200 W. 🙌

P.S. It's a busy travel weekend. We've paused construction work to make things a little easier for you but plan ahead, give yourself extra time, yada yada, you know the drill.

People Notice

“As someone who drives to the airport 3-5 times a week, I appreciate not having to Mario Kart my way around potholes! You guys are the best.”

“Diet pill before and after pics have nothin on UDOT bridges.”

“It is glorious now!!! Thank you!!!”

“I worked for an airport shuttle for a while, and by God it’s so much nicer. Love not having to memorize pothole locations in every bridge.”

“No more spilling drinks! Thanks bestie!”
